The Anchor Presents

COMPILED BY THE
FEBRUARY 1947 GRADUATING CLASS
OF THE NEWPORT NEWS HIGH SCHOOL
NEWPORT NEWS, VIRGINIA

Hello there—I see you want to look at my scrap-book. I tried to keep a good one so that in the years to come I could look back into this record of the younger generation and recall the fun we had back in the fall and winter of 1946-47.

For My Scrap Book

I ran all around the school, taking pictures and making notes of

**THIS IS
WHERE I
GOT MY
LEARNING!**

On Thirty-second Street and Huntington Avenue stands the yellow stone building which has been a part of our lives for four years. Always, we'll look back to the happy days when "within these sacred walls we stood."

WE DEDICATED OUR BOOK

Because of her ability to understand the pupils of this senior class and of her enduring patience, I wish to dedicate my scrapbook, on behalf of the class of February 1947, to Miss Mildred E. Bane.

We value her willingness to assume responsibility; not only the choruses and the music department, but the whole high school recognizes her outstanding qualities. We're proud to have you as a teacher, Miss Bane!

AND WROTE OUR CLASS SONG

Words and Music
by Helen Vick

We're here to-day Dear Newport High The time has come
We sing to thee Dear Newport High For ever will

to say good-bye fly, We'll miss our friends and teachers true, We'd
thy ban- ners fly, Old gold and blue we hail to thee, For

like to show our thanks to you, You'll still re-main so
high in praise you'll al-ways be. Our time has come to

close to bid fare-us well. In mem-o-ries you'll al-ways be place And
bid fare-us well. Out in the world we'll take our place But

in our heart you leave a sigh, New-port We will say good-bye.
in our hearts you leave a sigh, New-port We will say good-bye.

Now don't get me wrong—I really don't polish apples all the time. Once in a while I study. Seriously though, look slowly through the next twelve pages, for they are full of pictures of our faculty and their classes, and I think they're tops.

In School We Found Our Faculty Helpful . . .

OUR ADMINISTRATION EFFICIENT . . .

DR. R. O. NELSON

Although our new superintendent, Dr. R. O. Nelson, has been here only a short while, he has already introduced new teaching standards into our school system. His administrative ability and his gracious manner are sure to win the respect of all who come in contact with him.

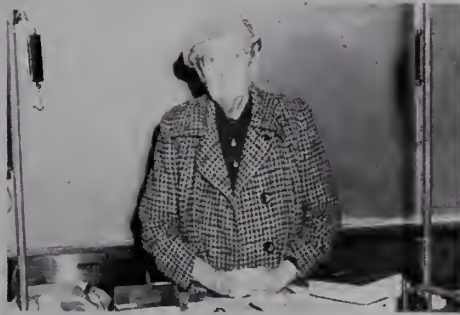

THE BIG THREE are, left to right, Mr. Lamar R. Stanley, Principal, Miss Ethel Gildersleeve,

Dean of Girls, and Mr. Thomas O. Keese, Assistant Principal.

AND ENJOYED SEEING THEM AROUND . . .

8C, GEE—Seniors are hard at work on the last milestone in the study of their native tongue.

When we first started out in English, we took a trip to **Treasure Island**. During the continuing years in school here, we read and enjoyed such books as **Ivanhoe**, **Giants in the Earth**, **Adventures of Sherlock Holmes**, **Silas Marner**, etc.

We found out the way to keep a notebook correctly and in good order, became acquainted with "Who's Who" among English and American authors, learned the rudiments of grammar and tried to apply them in every day life.

By the time we reached English 8C, the last milestone, we had learned to master the dangling participle. Instead of saying "Leaning out the window, the cow walked down the road," we now say, "The cow walked down the road, leaning out the window."

AND MEMORIZED DATES, (HISTORICAL, THAT IS) . . .

My history learning included a year of United States history, and one year of modern history. Also offered are government, ancient history, medieval history, and civics.

I enjoyed the debates that were staged in my history classes on such timely subjects as Russia, the atomic bomb, world peace, and the United Nations. I could talk for hours on these subjects, and probably did!

The most fun came when our government class visited the courthouse and city council. In class trials, I was acquitted of murder of my fiance, won a divorce suit, and was sentenced to die in the electric chair.

Dissecting frogs, making H₂O, studying and drawing plants, planets, bugs, and the like, are a few of the many projects of science and biology classes. I'll never forget the first time I had to pick a fly apart—ugh! After a time or two, though, it came to be interesting.

No one felt that his science course had been completed without physics under "Doc" Segar. We discovered facts about electricity, sound, and life that we never knew before.

In chemistry class, experiments highlighted our course. The whole school was aware of the classes when we made chlorine or burned sulphur.

"DOC" SEGAR AND HER BOYS work together on a physics experiment.

BIRDS AND BEES come later; now the Biology 2 class studies bugs and reptiles.

WERE EDUCATIONAL, BUT...

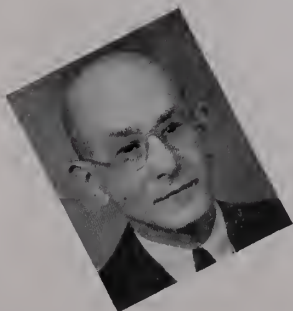

ANGLE WORMS in geometry class try to prove Angle A is greater than Angle B.

Every student in the high school from the lowest "mouse" to the "mightiest" senior has the advantage of taking some phase of mathematics whether it be arithmetic or trig.

Our mice take advanced arithmetic. Those who can solve problems on taxes go on to Algebra; others take applied mathematics. Some of our sophisticated sophs study advanced Algebra 3 and 4; a geometry course is offered to juniors. If they live so long, seniors cope with the most advanced math courses offered: solid geometry and trig.

How well I recall my struggles with sines, cosines, proof of theorems, and other such seemingly impossible feats. Although I had to work hard, I enjoyed math so much that I took all the courses offered and found each well worth my time.

Pity the drama-lovers, for we never had any rest. We studied many subjects including, in Drama I, the steps in the production of a play; in Drama II, publicity. But the fun began in Drama III, when we produced "Her First Party Dress" without the direction of a teacher.

In Music I, II, III, band, and chorus, we learned the fundamentals and studied the lives of composers along with enjoying classical records. The required music classes also put on a cantata each year with orchestral accompaniment. This year it was the historic "Courtship of Miles Standish."

FOOTLIGHT FACERS take their cue from student director Betty Bowen.

MUSIC, MAESTRO. Band I class gets the downbeat from Miss Sherman.

EXERCISING WERE EASIER ON THE GRAY MATTER...

"KEEP YOUR EYE ON THE BALL" is easier said than done, finds a Girls' Physical Education 4 class playing soccer.

"RISE AND SHINE," says Student Director Sonny Cawling to a Physical Education 2 class.

With so many sharp looking boys running around the track, I found it difficult to concentrate in my own gym class. Aside from the regular exercises, the boys were tested in running, rope-climbing, and similar activities and received training in the popular sports of football, basketball, and track.

Despite those deep-knee bends, leg-lifts, and sit-ups, the girls' classes were fun. Through this type of training we developed muscle coordination, cooperativeness, and above all good sportsmanship. In hygiene, we studied the body functions, rather than how to swing a hockey stick.

THE DECISION WILL BE BETWEEN A HOME . . .

Foods class was always a favorite with us, for we not only learned how to prepare such delectable dishes as meat loaf, salads, and pie, but also ate them. Yum, yum! Even the cleaning up which followed afterwards was looked forward to as fun.

We often have heard the old quotation, "The way to a man's heart is through his stomach;" now we are just waiting for the right man.

In clothing classes we progressed from the "sewing crooked seams" stage to the dressmaking stage. We learned how to re-make old clothes and keep new and old alike, tidy and clean. You can imagine how our mothers liked that!

"Family Life Improvement" was the keynote this year, more than ever before. We studied the art of making a happy home, not only for ourselves, but also for others in the world today.

Top: TOO MANY COOKS may spoil the broth, but it's safe here for these Foods 2 girls who are making pie.

OR A CAREER...

As a result of my daily typing classes, I've come to be quite a secretary. We were required to be able to type fifty words a minute for five minutes, and after many hours spent after school practicing earnestly, I finally succeeded. By the way, if you happened to see a gal walking down the hall waving a certificate, it was I.

Letters are taken like a flash in my shorthand class. I was mighty pleased when I was awarded my shorthand certificate for being capable of taking 100 words per minute. Bookkeeping almost was my Waterloo, but with the help of my understanding instructor, I pulled through. Anyone who completes a secretarial course at N.N.H.S. may be beautiful but far from dumb!

Top: PECKING AWAY at their typewriters are third semester students under the direction of Miss Beulah Brasher.

INDUSTRIAL ARTS AND VOCATIONAL TRAINING . . .

My "sharpest" Christmas present was a hand-wrought wallet made in the leather craft classes.

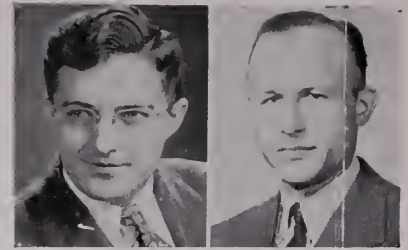

Mothers of the boys in the general metalworking shop and the general woodworking shop fared very well with wastebaskets, lamps, and bookcases turned out in the classes.

Whenever I passed by the door of S 7, I saw the beginning printing class learning the letters and how to set up type, and the advanced class making posters, office stationery and rolling off the Beacon every Friday.

I didn't see the students of the photography class very often because they were always in the dark room developing pictures.

The boys in the electricity shop learned to make small electric motors and install sockets—to become fuse blowers.

In the mechanical drawing classes, the students learned to make sketches and orthographic projections of various objects.

PREPARED US FOR THE FUTURE . . .

Auto-mechanics did not interest me much, but because my best beau was becoming a grease monkey, I asked what happened during the class. Billy said they overhauled engines, rebuilt carburetors, and assembled clutch plates, whatever they are.

All I knew about the machine shop was that it was in the new Annex, but now I know that there the boys ran lathes, drill presses, and other machines to train for a vocation.

EXPERIENCE IS THE BEST TEACHER, so Mr. Alfred Vick lets the boys in machine shop practice what he preaches.

GREASE MONKEYS are found in the auto mechanics shop with Mr. P. G. Vick three hours a day.

Buenos dias, amigos! Forgive me while I reminisce about those days when a greeting of this sort would be in order. Poems, songs, and Spanish newspapers helped to build my foundation for this romance language. I also learned that the Latin Americans are much like myself.

We came, saw, and tried to conquer, Latin I, II, III, IV, also Caesar and Virgil. We found the Romans not as ancient as people say! In fact, we who believed this a modern age were swayed in our opinion.

THE LIBRARY OFFERED A SOLUTION . . .

BOOKWORM'S HANGOUT. N.N.H.S. has the reputation of having one of the finest libraries in the State.

"EFFICIENCY PLUS" is the keynote of all the activities of the Library Assistants, left to right, Barbara Powell, Peggy Bryant, Clarine Carter, Nancy Neill, Mildred Moore, Betty Dyke, and Genevieve Courtney. Not in picture, Gwen Rowls, Anne Camper, and Alice Nuckals.

As we look back, we shall always remember our school library, a library of which we were very proud. Here, at all hours of the day, students came to read, study, or just browse. The shelves were loaded with 16,132 volumes—salty sea-yarns, spicy adventure tales, sweet romance, snappy humor, and many others.

It pleased us to note that the library kept pace with the changing seasons by attractively decorating tables, and displaying appropriate exhibits.

Some of our classmates playfully cried "Hooray" or "Happy Day," but most of us were a little sorry the day caps and gowns were given out. They marked the beginning of the end of our high school careers. Pictures and calling cards were exchanged, and then we prepared for graduation.

WITH ELECTION OF SPONSOR . . .

Dear Nellie and Classmates,

Upon this important occasion, your graduation from Newport News high school, I ask you to stop for a few minutes and to think seriously of the many things your instructors have tried to make you believe to be important. What value do you place on patience, cooperation, sincerity, service, courage, faith, self-reliance, compensations, purposeful activity, loyalty, a sense of humor, truthfulness, and the power of knowledge?

Most sincerely do I thank you for the honor you bestowed upon me when you chose me to be your class sponsor, and most truthfully do I say that I enjoy working with and knowing you!

Your friend,

EULAH ANNE MASSEY

KING AND QUEEN . . .

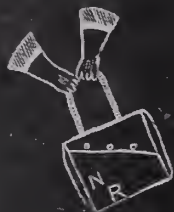

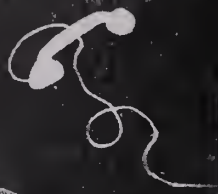

Hail to the Monarchs!

Crowned heads for a night, King Raymond Whitley and Queen Eleanor Wilson led the Grand March at the Senior Prom, but like Cinderella, except for the pumpkin coach, at the stroke of twelve they returned to everyday life. During their rule this royal couple reigned with regal glory. They were chosen by the senior class because of their poise, personality, and personal appearance. Eleanor's charming smile and winning ways together with Raymond's curly hair and engaging sincerity made all our hearts beat a little faster.

Long may they reign!

IN MEMORIAM

The Senior section would not be complete without the name of Leslie Edwards, a member of our class who died in his Freshman year. He was missed by his classmates and teachers for his pleasant smile and general friendliness.

"Pardon me, uh—sir,—could you, or would you, er—tell me, uh,—where the mice are that everyone's speaking of?"

Hmmmm—What's this? We thought mice went in for cheese, but the ones on the opposite page seem to like it in its liquid form. We welcomed the newcomers when they entered as freshmen, were pleased with sophomore achievements, worked with juniors in school activities, and envied those who would take our places as high and mighty seniors.

We Watched the Underclassmen Grow . . .

"Nellie, late again!"

Getting to school early in the morning for extra-curricular activities and staying late for club meetings often proved trying and hard work. But the fun we had putting on plays and giving socials and the glory we had getting recognition by letters and pins made it all seem worthwhile.

Our Organizations Trained Us . . .

WE EDITED A BOOK (THIS IS IT) . . .

"THEY'RE TO BLAME," the ANCHOR editors, Poulaine Allen and Joon Goldstein.

Being selected as a member of the Anchor staff is an honor which many seek, but few attain. Long hours filled with hard work were given by members of the staff as each section moved on to the press, but when the finished book rolled off, the memories of the hard work and worries vanished, and only elation and joy ranked in the emotions of the staff. Working as a unit, in a pleasant atmosphere with friends under the supervision of Miss Frances Taylor to build another monument to our school, was an inspiring experience which will never be forgotten by the staff members.

ANCHOR LAUNCHERS—Busily attending to their various jobs, the members of the yearbook staff are J. Riggins and E. Smith, biography; A. Stilley, activities; S. Hogge and G. Collins, features; P. L. AND AN ALL-AMERICAN WEEKLY . . .

Never did I have so much fun as I did those happy hours working on the **Beacon**. It meant rush, worry, and work, but the pleasure when it came out on time was such that I forgot all those other trivial matters.

Besides providing the weekly four-page issue of **The Beacon**, we sent two representatives to the National Press Association convention in Milwaukee, allowed the Scholastic Roto the use of our pictures, and contributed to the **Daily Press** high school articles.

Our paper contained newsy items, snappy features, and assorted headlines to give our fellow students rip-roaring entertainment.

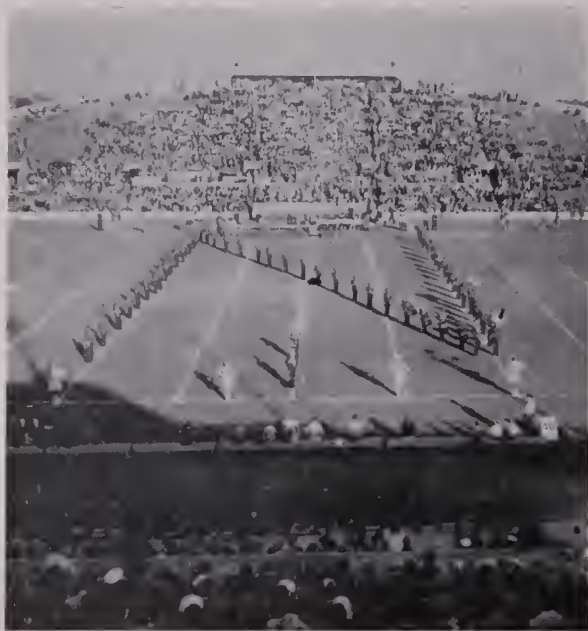

QUIET! GENIUSES AT WORK! The **BEACON** staff (around the room) consists of M. Panas, business manager; A. Wachtel, S. Rosenfeld, feature editor; (at board), A. Stuart, advertising manager; W. Cross, photographer; R. Hudgins, sports editor; C. Larsen; J. Lowry, at files; A. Callier, first page editor; M. Sasser; B. Mattingly; standing, J. Seward, second page editor; B. Parks; B. Crumpler, copy boy.

TWO HEADS get together—John Bowen, editor, and Henry Stern, his assistant.

WE PLAYED IN OUR ALL-STATE . . .

MARCHING MAESTROS—The band forms an "N" during half-time at the Granby-NNHS game.

Here comes the pride of Newport News high school, namely, our 63-piece, high-stepping band. We are proud of our gold and blue snappy uniforms, our drum major, and our formations which intrigue the spectators.

The band participated at all football games and pep assemblies and took an active part in the celebration of the fiftieth anniversary of Newport News.

Honors came to us through "first prize" as an outstanding band in the state at the Virginia Music Festival in Richmond. We played for the Virginia Educational Association in Richmond, also by special request.

MUSIC MAKERS include, in front: D. Holloman, drum major; A. Clay, sponsor; P. Coe, N. Moore, J. Peebles, flagtwirlers; file one: D. Ellis, C. Hall, J. Israel, J. Garrison, D. Gardner, W. Britt; file two: J. Allen, J. Schultz, H. Hall, J. Kitchen, C. Tilghman, E. Miller, D. Nachman; file three: G. Wilson, P. Manning, M. Johnson, B. Peach, D. Bluford, D. Topping, E. Blechman, D. Wiggs; file four: B. Harrison D., Brinkley, B. Bennett, P. Levy, B. Deck, B. Crumpler, J. Lockstamphor; file five: M. Mac Gray O. Hill, secretary, V. Holloman, M. Chapman, B. Unthank, M. Weger, Willis Cross; file six: N. Jones, B. Earley, B. Clarke, P. Allen, M. Miller, J. Fulcher, S. Barnes. (On Opposite Page).

STRUTTING QUINTET. Taking time at intermission to get their photo snapped, Woody Fouley, Nancy Moore, Drum Major Billy Holloman, Janet Peebles, and Phaebe Coe smile for the photographer.

The flagtwirlers, colorful additions to the Band, played a large part in making us enjoy half-time at the football games. They also twirled their blue and gold flags at a pep assembly.

Under the able direction of Billy Holloman, our drum major, the band was able to march in intricate formations. This high-stepping dynamo relieved the band director of baton waving at football games and pep assemblies.

BAND . . .

AND SANG IN OUR...

Monday and Thursday mornings were always reserved on my schedule for the Mixed Chorus rehearsals. Were we proud when we received a rating of excellent at the State Contest! Maybe it was because I was a member (ahem!)

This fall we especially enjoyed participating in the Golden Jubilee Pageant, "Between Two Eras," which received many favorable comments, and broadcasting during National Education Week. We worked hard to achieve perfection for the Christmas Vesper service which included the Mixed Chorus and all of the Church Choirs of the city and took place at the high school.

BOYS' QUARTETS

Our boys' quartets were something to remember. They could sing sweet and low or jive it up a little. There were two quartets, I recall, to provide entertainment for school assemblies, radio broadcasts, and social events.

ON A STRIKE? I wonder why B. Adjalat, B. Hallaman, J. Gray and J. Hall aren't rendering us a rendition.

SWEETHEART OF THE BOYS' QUARTET, M. Starbaard, accompanies B. Crump, A. Roberts, P. Gibbons and B. Eull.

MIXED CHORUS under direction of Miss Mildred Bane includes, front row: H. Asbel, N. Jennings, D. Hallaman, J. Brackwell, H. Atwell, B. Crump, J. Alexander, A. G. Allen, P. Gibbons, E. Wilson, M. BOYS' GLEE CLUB

The Boys' Glee Club, composed of a blend of the school's finest voices, had a full schedule this season. Their rendition of the folk song, "The Erie Canal," was one of their best. This number was presented on a special radio broadcast for National Education week over the local station and also was included on an assembly program.

The singers were so good that they were invited out to sing for the Woman's Club. These songsters were popular with all who heard them and made their school proud.

GIRLS' GLEE CLUB

Although the boys jumped the gun on the girls by their number of performances, the girls have a full schedule for next semester. They have in their repertoire quite a variety of songs, ranging from the dignified "Oro Pro Nobis" to the light "When Love Is Kind."

Something new for the girls this semester was their sextet. This popular group was the special guest of Home Room 109's Christmas party and on the Y. Teens' Christmas program.

STUDENT REPRESENTATIVES include, first row: B. Hornsby, T. Armstrong, J. Amory, J. Lockstomphor, N. Moge, D. Murroy, J. Sowyer, J. Bowen, J. Lonier, N. Poyser, M. Snyder; second row: H. Reuben, A. WE FORMED OUR...

"YOU WILL NOW report to your C period class." Groans are heard from the audience as Student Body President Jay Sawyer dismisses an assembly.

Pleased with the honor of representing my class on the Executive Board and Student Council, I attempted to take part in its various activities.

I was busy, along with my fellow classmates, on committees devoted to problems ranging from the constitution to the cafeteria. Activities including dances, new school rings, and Christmas presents for the needy were part of the full program of these organizations.

The Executive Board, the senate of the high school, contains a representative of each class and the **Beacon**, and the Student Council, Newport News high school's counterpart of the house of representatives, is composed of a student from each home room.

EXECUTIVE BOARD, or our "upper house," is composed of Ned Payser, 4 high; Jay Sawyer, president; John Lockstamphar, secretary; standing: Nelsan Magee, 3 high; Myrtle Snyder, 8 low; Tommy Arm-

strang, 4 low; Bobby Harnsby, 1 low; Jahn Bawen, Beacon; David Murray, 3 low; and Jessie Amary, 2 high.

OWN GOVERNMENT . . .

When friends or school-mates were brought before the Honor Council, it was hard not to be partial, but members realized the responsibility placed upon them by the Executive Board and tried to be fair.

Celebrating Honor Week was fun, for we had an assembly with Dr. Paul K. Buckles as our guest speaker. To put in a little touch of everyday life, we had a rubber stamp made of "Honor Week" and used it on late slips, library permits, and everything we could. We also distributed posters reading "The Measure of Life Is Not Length, But Honesty."

"THEIR HONORS"—Members of the Honor Council are, seated: Billy Harman, Barbara Pearsan, chairman; Edward Peebles, secretary; Juanita Seward; standing: Swanson Harnsby, Jahn Kasey, Miss Frances Maguire, sponsor, and Jane White.

Lights were dimmed, the audience hushed, the curtain about to go up on the fall play of 1946, "But Not Goodbye."

As the curtain opened, the living room of a New England home appeared, and as the action progressed, I saw 1910 costumes, several dozen ship models, and—most unusual—two very homey ghosts wandering around.

A sudden crash of thunder and flash of lightning frightened me, until I realized they were in sound effects, only.

After the last pull of the curtain, I could hardly wait to get backstage to congratulate everybody on a wonderful fall production.

"ALL WORK, but lots of fun," is Stage Crew work for the boys see all the plays and big doings around our alma mater.

STAGE CREW

The stage crew with "Babe" Lawson as the boss was the "behind the scenes" group for the high school productions. On any day, including Saturday and Sunday, the crew

handled scenery for the Little Theater, Newport News Operatic Society, and any other groups which stage productions in the auditorium.

APPLAUDED SUPERIOR ENTERTAINMENT . . .

Joon Arroll, John Bowen, president; Shirley Hogge, treasurer; Miss Euloh Mossey, sponsor; Solly Robeson. Absent are Henry Stern, Tommy Armstrong.

NATIONAL HONOR SOCIETY

Brush me off! I was a member of the National Honor Society. Membership was

somewhat exclusive, as there was a little "red tape" to pass through before accept-

ance. The student was judged on character, leadership, service and scholarship.

AND SUPERIOR ACHIEVEMENT . . .

QUILL AND SCROLL

I, that's me, Nellie Newport, whipped out 100 inches for the Beacon this year and found myself a full fledged "Quill and Scroller."

THESPIANS

When I became a member of the National Thespians, Troupe 122, I was really thrilled at the honor. I had to work my head off to make it, by working on the stiffs and on the stage.

TROUPE 122 of National Thespians is represented by, front row: Dot Beodles, secretary; Arthur Stuart, president; Jeon Love, vice-president; second row: Billy Roberts, Shirley McCallum, Gilbert Binder, Jean Israel, Henry Stern.

"No, Nellie, we're not that hard up."

Nothing thrilled us more than a good football game on a bright, sunny day. Although the overall record of our team this year was not so outstanding as in former years, our hearts were in tune with the band as our boys warmed up for their gridiron feats. Without inter-scholastic competition, we girls had class basketball teams along with tennis, bowling, and archery.

P. S. My brother helped me with this section.

Came the Kickoff . . .

AND THE TYPHOON ATTACKED ...

Jimmy Hahn, Typhaan halfback, broke away for a sizeable gain against the invading Hopewell Blue

Devils on the locals' own twelve. The Blue Devils calmed the Typhaan.

DEFENDED ...

"I'll take the leg," said Bernie Shields, Gald and Blue quarterback, as he stopped a Hopewell back

after a small gain. Captain Lin Garrison moved in to assist Shields.

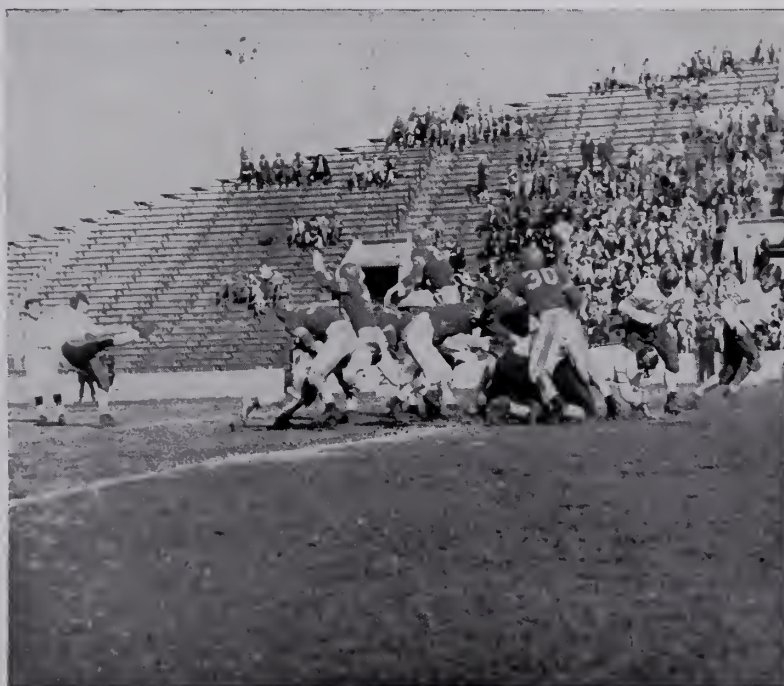

PASSED . . .

Passing played an important role in the Typhooners' offense this season. At left Elmo Stephenson is shown gathering in one of Lou Taylor's heaves in the Hopewell match.

PUNTED . . .

Due to circumstances beyond their control, the Typhoon lads were forced to punt often this season. Lou Taylor, punt artist for the Gold and Blue, is shown at right getting off a good one in the Granby tussle.

SCORED... WERE SCORED UPON...

With Jimmy Hahn carrying the moil, the Typhoon earned the honor of being the first conference opponent to cross the Granby goal line. Hahn is pictured in the tangle of ployers above.

The Gold and Blue Gridders dug in, but were unable to hold as a Wilson bock cracked the Hormonmen's forward woll to tolly.

TO BE BETTERED BY THE BABY TYPHOON...

Resuming action after a wartime layoff, the Newport News high school "Baby Typhoon" was in the groove from the start this season, rolling to five consecutive victories without a single defeat.

Coached by J. C. "Cowboy" Range, the "Breezes" whirled through the season by delivering fatal blows to Poquoson, Morrison "B," Churchland, Buckroe and George Wythe.

GRITTY GRIDDERS. Shown above are the 1946 edition of the Newport News high school Gold and Blue Typhaan which turned in a hard fought, if not too successful season. They are, front row: D. Shanz, S. Cawling, E. Woolord, T. Armstrang, R. Groy, H. Stern, P. Meekins, F. Lewis. Secand row: F. Jester, E. Stephenson, J. Barber, J. Costelow, I. Fenton, J. Price, M. Heath, R. Ward, W. Lloyd, R. Panyotis, J. Wartan, J. Eoston. Third row: G. Horcum, T. Joseph, R. Fin-

nel, D. Shields, B. Shields, L. Taylor, B. Gayle, J. Hohn, Captain L. Garrison, L. Hamilton, T. Jobe, W. Edwards, A. Mitchell, J. Glesenkamp. Faurth row: J. Ilish, D. Bazemore, R. Scholfield, J. Webb, F. Coile, W. Allen, B. Swartz, M. Nachman, B. McLoughlin, W. Honcock, B. Hill, J. Kelley, D. London, F. Allen, Ilish, D. Bazemore, R. Schofield, J. Webb, F. Coile, G. Hudgins, R. Landis, H. Gray, J. Bicouvaris, and M. Kurzer.

THE WAKE OF THE TYPHOON...

Dawn of the 1946 grid season on the local plantation saw only two regulars from the previous year's team step up to receive assignments. With these two, one a back and the other a lineman, and green material, Head Coach Harry Harmon and Assistant Coaches J. C. "Cowboy" Range and Lou Plummer set about to mould the Typhoon grid offering.

On September 28, the green Typhooners took to the field in their first test of the season against a powerful Greenbrier Military, W. Va., eleven. Utilizing one of the smoothest "T" formations seen in the schoolboy level, Greenbrier downed the locals, 32-6, after a scrappy Gold and Blue had held them scoreless the first two periods.

In their first game away from home, Newport News met with a defeat, 33-6, at the hands of E. C. Glass high of Lynchburg.

A powerful Maury eleven crossed the Roads and invaded Gold and Blue territory to hand the locals their third straight setback of the season, 19-0.

Newport News then got three marks on the

credit side of the ledger. The first came with an 18-0 pasting of Chamberlin Vocational high school of Washington, D. C. Although held back by frequent fumbles, the locals pushed across scores in each of the first three chapters. After Fairfax had held the Typhooners to a 7-7 mark at halftime, the locals got wind in their sails during the latter half and glided to a 22-7 win. Next on the Typhoon list was Alexandria, which came, saw, and was conquered, 20-6. At halftime the Newport News high cross-country track team tasted defeat falling to G. W. harriers, 27¼ to 25¼.

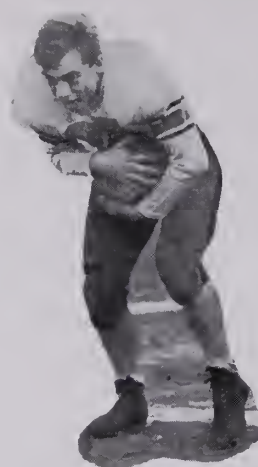

Granby's state champions dropped the locals, 34-7, but not before the Typhooners had earned the distinction of being the first conference opponent to cross the Comets' goal line.

Dominating play throughout, the Hopewell Blue Devils rolled up a 20-6 decision over the locals.

On Turkey Day the Harmonmen played host to the Wilson Presidents but the Prexies proved to be unappreciative guests, handing the Typhooners a 46-12 pasting.

...rug-cutting at the high school gym

Kids sure do know how to get together and get things going. Young folks long ago found that *the pause that refreshes* with ice-cold Coca-Cola is a swell ice-breaker. *Have a Coke* gets over quickly with everybody. All America knows it as an invite to get together and give with the good news.

Coke = Coca-Cola
"Coca-Cola" and its abbreviation

marks which distinguish the prod-
